

EXPLANATION OF TABLES OF SPECIAL ORDINANCES

The Codified Ordinances of Marion cover all Ordinances of a general and permanent nature. The provisions of such general and permanent Ordinances are set forth in full in the Codified Ordinances.

References must be made frequently to many special Ordinances - particularly those related to property, such as dedications, vacating of property, easements, purchase, sale, and the like. In the following Tables A through G, all such Ordinances are listed. These tables list Ordinances chronologically by subject, and include both a citation to and brief description of each Ordinance. Citations are to the proper Ordinance volume and page number rather than Ordinance number since the earlier numbering was not on consecutive pages and a new series of numbers was initiated at one time.
