

Tom Titus

I was born, raised and have been a lifelong resident of Marion County, graduating from Elgin High School in 1985 and Marion Technical College in 1990. I am an Ohio State Certified Real Estate Appraiser and have been the owner of the Appraisal Center since 2000.

I have been an aviation enthusiast since I can remember. My first time in the air, I was in fourth grade and took a flight in a glider with the Central Ohio Soaring Association. When I got my first "real job" in 1990 I joined COSA and became a glider pilot. In 1994 I started taking power lessons in Marion and soon earned my single engine private rating. In 1995 I added instrument, commercial and multi engine ratings. Earning a flight instructor rating at the OSU airport in 1996 I spent my next four years teaching at the Marion Airport.

I'm still actively involved in COSA and have recently become a partner in a C-182 located at the Marion Airport. The Marion Airport has been a large part of my life and I hope to be able to give back if needed.
