Item 1. ORDINANCE AMENDING MARION CITY CODE CHAPTER 911.42, SECTION C, PART 4, FIRST PARAGRAPH; TO REMOVE THE SPECIFIC LOCAL LIMIT VALUES FOR POLLUTANTS OF CONCERN AND TO REFERENCE A SEPARATE DOCUMENT WHERE THESE VALUES CAN BE FOUND IN ORDER TO ENABLE THESE VALUES TO BE CHANGED WITHOUT CHANGING CITY CODE.

Matt Ice, Water Pollution Control, explained that this is an agreement with EPA for local (industrial) limits (established every 5 years). Engineer helps them prepare the technical justification. Changes this year are for zinc, silver, and selenium. Zinc is a big issue in this community because of the industry we have. They will publish on website and issue a permit to each facility. This allows them to adjust as they see fit and publish without coming before council each time. Daniels asked about how discharge into air might affect storm sewer water. They do monitor that.
